

Journey to the Cloud: When and How To Get There

Thursday, November 12th at 1:00 PM ET

Join our webinar to discover how to assess your environment by providing a roadmap for cloud adoption.

Let our experts help you evaluate and determine which applications and workloads should be prioritized in order to embrace the cloud.

We'll help you develop and execute a business case for cloud adoption. You'll hear use cases focused on cloud readiness, and also how you can gain insight on your business and a new perspective on your environment with Independent Discovery and Analytics (IDA).

Our innovative solution rapidly analyzes your server, storage, SAN, virtual infrastructure environment, and applications. It's time to improve efficiency and plan for change effectively.

The first 25 attendees will receive a \$25 Lyft gift card to use on your own journey.

Unable to make the live webinar? Register and we'll email you a copy of the recording!
