

Success Made Simple for Hybrid Multicloud

IBM webinar featuring Jim Gaffigan

Adjusting to the new way of running IT can be a tough, and we want to help ease the stress during this challenging time. Learn how IBM works with organizations to provide a hybrid multicloud solution. IBM's hybrid multicloud helps organizations more effectively build, deploy, manage, and protect their multicloud applications.

Join IBM and Converge Technology Solutions for an exclusive webinar showcasing IBM's hybrid multicloud along with a special guest appearance by comedic genius Jim Gaffigan!

Agenda:

- 1:00pm – Welcome and Intro's
- 1:00pm – 1:30pm – IBM's Hybrid Multicloud with Eric Herzog
- 1:30pm – 2:00pm – Exclusive Q&A with Jim Gaffigan
- 2:00pm – Conclusion

Ask Jim:

Jim Gaffigan will be participating in an exclusive Q&A with Converge's Jessica Geis. During registration you have the opportunity to submit a question for Jim, let's get creative. Due to time constraints not all questions will be able to be answered, but we will try our best to get through as many as possible. Please No Hot Pocket questions!
