

Webinar: Cisco Ansible Automation

Join us on Thursday, January 28th to learn about Cisco Ansible Automation! This one hour session will describe Ansible architecture as well as a demo of Ansible Tower to automate Cisco CSR 1000V router. We'll have a 15 minute Q&A at the end where our technical experts will answer any questions you have!

Agenda:

- Overview of Ansible architecture
- Overview of how Ansible works on Networking devices
- Overview of advanced functionalities that can be used for automation of Networking devices using Ansible (Jinja2, collections, conditionals)
- Demo of Ansible Tower to automate Cisco CSR 1000V router
- Demo of Ansible Tower features like RBAC, Workflows, Surveys

The first 25 people to register and attend the event will receive a \$25 Amazon Gift Card. You also must fill out the three question survey at the end of the webinar in order to receive the gift card.

WHEN: Thursday, January 28th | TIME: 12:00 PM ET & 12:00 PM PT | WHERE: Webex
